Podcast Project

The objective for this assignment is to create a podcast that you will be able to use in the classroom with your students to help teach or illustrate an educational concept.

STEP ONE: If possible, use the Missouri GLEs to pick a content area and grade level appropriate topic for the students that you will be teaching.

STEP TWO: Create a podcast using GarageBand that somehow helps to illustrate the topic that you have chosen. Be sure to refer to the criteria below and in the rubric by which your podcast will be assessed. When finished, upload ("send") the podcast to SoundCloud, iTunes, YouTube, or another podcasting host.

Podcast Requirements:

- Your podcast must be at least 5 minutes in length (no more than 10 minutes total).
- Your podcast MUST include all of the following:
 - An introduction
 - Some background music in the podcast somewhere
 - At least two people speaking (to increase auditory interest)
 - A conclusion

STEP THREE: In addition to the podcast, write a blog reflection statement about the sources you have explored in learning about podcasting. Include statements about what you have learned, the quality of the resources you used to learn and how you plan to use podcasting in the future with your students. Finally, I would like you to write an explanation of your plan for using this podcast in the classroom. This explanation should include two elements:

• What is the GLE that you picked and why did you choose it? If you did not choose a GLE, why did you select the topic of your podcast? How will it help your students?

• Secondly, describe how you envision using your podcast during class – what kind of an instructional tool will it be? Will you use it as an introduction to a book the students will be reading? Or will you use it to expand students' understanding of a topic you have already studied? Be creative in thinking about how it might be used to best enhance students' learning about that topic!

Grading Breakdown Podcast – 40 points (see rubric below)

Podcast Reflection and Classroom Plan – 5 points (see required elements immediately above) Podcast Group Assessment – 5 points (Group assessment sheet is included on Blackboard assignment)
